

# Disappear in your personal spa

Today's stress-filled world leaves us all crying out for rest and relaxation. **RE/MAX**® knows making your bathroom the best it can be will generate a 56% better return on investment than the average popular reno.

The goal should be to create a spa-like environment in your bathroom by installing a soaker tub with relaxing jets, or perhaps a new steam shower stall.

INTRODUCING THE  
RE/MAX
